

The Friends and Family Test

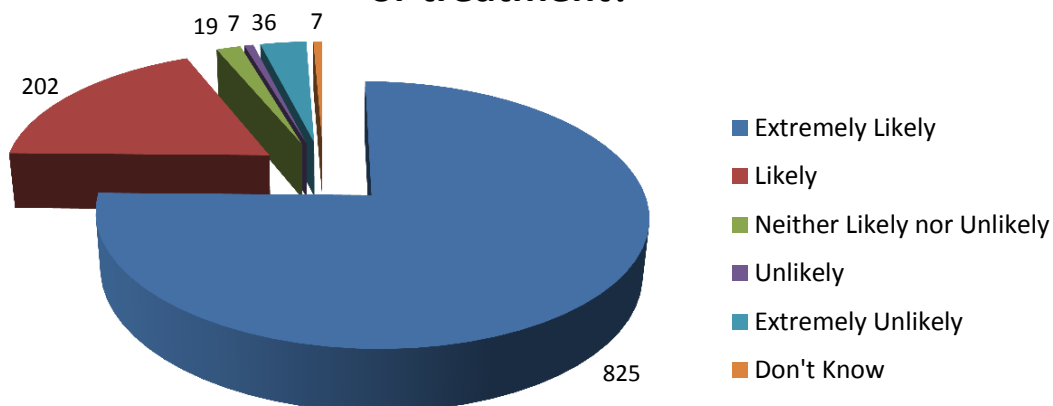

Lion Health - Friends and Family Test Results - November 2017

Total Results: 1096

(Data collected via SMS Text Message, iPad/Tablet and Practice Website)

How likely are you to recommend Lion Health to friends and family if they needed similar care or treatment?

Nurses and doctors so helpful despite the stresses they are under. I consider myself very very fortunate in having a good Doctors Surgery

Really impressed by student doctor.

Lovely doctor I would like to see her again but difficult to see the same GP everytime

Very efficient referrals are quick

I was seen on time and thought the GP I saw was friendly and knowledgable.

Booking in is always difficult at 8am but practice is thorough once treatment commences

Pleasant environment but PA system was hard to hear

How amazing the nurses are!

A pain sometimes to get an appointment is much easier now to make it online

Very friendly nurses, great with the child vaccines. Explained the vaccines well, patient and kind.
